I WORK II

It is not a simple change,  
but a kind of **evolvment**...

不是简单的改变, 而是一种进化。

### 升降之间 尽享健康

工作不应该成为健康的枷锁，亚健康的工作状态必须得到有效改善。

I-work 升降功能彻底帮助摆脱一成不变的工作状态，科学改变工作姿势，养成良好的工作习惯，保持旺盛的工作精力，保持健康的身体状态。

享受自然，享受健康，这就是 I-work 设计原动力。

### Health concept is reflected in the rise and fall

Work should not be the shackle of health. The sub-health status must be effectively improved.

I-work lifting function completely helps to get rid of the immutable working status, and scientifically change the working postures and make staff keep vigorous and healthy. Enjoy nature and health is the driving force behind I-Work design.

It is not a simple change,  
but a kind of **evolvment**...

科学升降 方便快捷

通过不同年龄、不同身高、不同性别的办公行为模拟,I-work 从 740mm 到 1200mm 之间任意升降, 随时随心调整到坐姿办公和站姿办公最佳状态。  
迅速、静音、便捷, I-work 升降带来轻松、高效又愉悦的办公感受。

#### Scientific Convenient and Fast

Through office behavior simulations among different ages, heights and genders, I-work can ascend and fall between 740mm and 1,200mm freely. So staff can adjust to the best status of sitting and standing for working as they wish.  
Being quick, silent and convenient, I-work lifting function brings about relaxing, efficient and pleasant office feelings.

### 独有工艺 极简有型

在代表最先进生产工艺的汽车领域和电子设备领域, UNIBODY 工艺经常被使用, 它是指一体成型的工艺, 以最少的零部件维持外观的整洁并保证结构坚固, MacBook 就是 UNIBODY 的代表作, I-work 深谙 UNIBODY 工艺特点, 采用独有的连接方式, 看不到一个配件的 I-work, 深度诠释极简风格, 充满现代时尚感。

### Unique Structure and Minimalist Shape

UNIBODY technology is often used in the automobile field and electronic equipment field on behalf of the most advanced production technology. It's a kind of one-off process, maintaining neat appearance and ensuring the firm structure with the fewest spare parts. For example, MacBook is representative of UNIBODY. I-work is profoundly conversant with characteristics of UNIBODY, and adopts a unique connection method, making I-work without any visible screw, which deeply interprets the minimalist style and modern fashion sense.

### 贴心记忆 人性设计

I-work 内置记忆按钮，能自动记忆坐姿站姿办公的桌面高度，只需轻轻一按，自动调整至最佳办公状态，不仅高效，而且贴心。

集成式走线，轻触式抽屉，桌面无线充电，每个细节每个功能都表达着人性关怀的终极追求。

### Considerate Memory Function and Humanized Design

I-work has a built-in memory button which can automatically memorize the desk heights for sitting and standing. With a slight press, it will be automatically adjusted to the optimal office status, which is not only efficient but also considerate.

Each detail and each function such as, integrated routing, touch drawer and wireless charging of the desk conveys the ultimate pursuit of humanized care.

### 灵动美感 整洁空间

I-work 会议桌, 采用无棱角的桌面设计, 平添圆润与灵动的美感。  
胡桃木桌板巧妙嵌入按弹式线盒, 让桌下走线更加整洁有序。

### Dynamic Sense of Beauty and Tidy Space

I-work meeting desk series adopt the design of no edges and corners, thus adding the sense of fullness and dynamic beauty.  
The walnut wood desk is deftly embedded with the press-bounce wire box, making the wiring system under the desk more neatly and orderly.

互联网时代, 成功源于效率。I-work 班台会议空间, 随时开启小型“沟通会”, 让灵感与创意在碰撞中不断迸发。

In the Internet era, success depends on efficiency. I-work executive desk meeting space allows small “communication meetings” to be held anytime and lets inspirations and creativity constantly burst out amid collisions.

I-work 洽谈桌, 延续一贯的简约、质感。一平米的精致洽谈平台, 拉近彼此距离, 轻松心意相通。

I-work negotiating desk follows the consistent conciseness and texture. The one-square-meter exquisite negotiation platform can bring participants closer to each other and communicate easily.
