Release “Office Output” in Space of Joyous Nature

When space effectiveness ascends to be an important measure of office efficiency, what is cherished the most? The answer is space flexibility and people's control over objects. Natural Joy series is developed based on these ideas to achieve harmony among people, space and development. With its numerous combination possibilities, Natural Joy helps create a comprehensive office system featured by "Concentration & Collaboration".

With its thoughtful and user-friendly design details, Natural Joy gives employees a feeling of being cared for. Working engagement and workplace satisfaction can be enhanced. When the environment imposes no restriction, initiative and creativity are expected to increase in a significant way: "office output" can be further released, which facilitates healthy development of enterprises in the long run.

CHAPTER

One.

**Independent Office Space,
Immerse in Work**

独立办公空间
打造“沉浸式”办公情感体验

双层区域细化分 公私物件明归类

双层大空间收纳侧柜，将置物区划分为：私密收纳、开放收纳、公文包放置区。在规定的地方摆放相应的东西，大大减少了找东西的时间，也让办公生活更具“仪式感”。书籍、文件、公文包等可规划在开放式展柜上，远离地面灰尘，咫尺距离随用随取。

Dual-Purpose Storage—Sufficient and Convenient

Upgrade underdesk storage with the open shelf cabinet of Natural Joy! The upper shelves are perfect to place books, documents, and tools of frequent use. The bottom lockable drawer ensures sufficient privacy and the shelf alongside has a two-shelf height for large-size objects. The bottom shelf elevation frees the cabinet from moist and dirt. Clear, convenient, and neat.

领导精英格局 精主体面格调

外观设计上摒弃了一切复杂、花哨、繁冗的装饰铺陈，目光聚焦在产品功能本身和与空间搭配上，以单色为主色调，局部的拼接色跳跃，使空间简约、典雅并具有和谐气质。突出了产品“服务于人、服务于空间”的本初。

Concise yet Exquisite Details: Leadership Climate

Sometimes less is more: less decorative elements in product appearance, more emphasis on space applicability. One color is used as the dominant color while another appears partially as a harmonious match, making the space neat and elegant. Natural Joy reflects a crucial tenet: Furniture is indeed the server of people and spaces.

Heightened Side Panel, More Vertical Storage

When more storage space is required, why not choose a heightened side panel? Two multiuse peg boards with included hanging trays can be mounted on the top of the panel for offices tools, books, and documents. They are more visible and touchable in vertical storage, and more space on the desktop can be saved for further use.

手边随时取电，线盒关闭模式下出线无碍，开启模式下随心插拔，让手机、平板等电子设备时刻电力满满。

Devices are always fully charged with convenient access to power outlets, whether the wire box is open or closed.

独立 - 组合两相宜 实现办公双模式

关注办公形式的多变，既能设计成两两拼接的双人办公模式，也可以独立单桌进行沉浸式办公。灵活切换随时应对工作中全新的灵感和挑战。

Dual Mode: Independent Working and Co-working

The Natural Joy independent workstation is connected in all parts, suitable for focused individual work and can be easily combined into co-working stations for two or more people. It allows flexible switch between different working modes, making working more efficient.

花槽挂件排排放 成就桌上小气候

对呆板和多彩两种空间的效率调查得出: 在办公室摆放植物, 能提高员工 15% 的工作效率。这得力于鲜活多彩的植物给严肃的办公环境增添了大自然的生机与活力, 为整个空间增添色彩, 有助于舒缓员工的工作压力, 缓解用眼疲劳, 调动员工以饱满的热情进行高效率工作。

Mountable Boxes for Refreshing Potted Plants

垂直收纳高一层 物件收纳多一柜

桌面再大, 面积也是有限的。
利用高度去拉长垂直收纳空间, 让物件的分类存储更有条理。柜内三层分区有利于分类收纳; 柜顶放置文件夹或者一些具有观赏性的绿植、摆件, 减少桌面物品的堆积。

Vertical Storage Maximizes Space

Even with a spacious desk, the area is limited. Utilize height to expand vertical storage, ensuring organized classification and storage of items. The three-tiered compartment inside the cabinet facilitates storage, while the top can be used for decorative items or plants, reducing clutter on the desktop.

内部隐藏走线减少电源线的外露, 空间整洁美观
The concealed wiring design ensures a tidy workspace from top to bottom.

CHAPTER

three.

**Composite Office Space,
Ecosystem for Collaboration**

组合办公空间
创建“协同式”办公生态空间

【小组协作模式】
主管职员双联合 上行下达实效高

团队的成长，需要职员的共同努力，也需要领导的无碍指导。
管理层与团队成员坐在一起，可即刻讨论、协作、分工及进行效率监督，
帮助团队极速分享概念，推动创意流动；用于传递信息和决策的时间都大大缩短，
项目进度跟进和问题反馈上也能游刃有余。

Team Cooperation Mode
Supervisors and Employees,United as One

The growth of a team requires the concerted efforts of both supervisors and employees. Sitting together, they communicate, cooperate with each other, assign works and supervise efficiency so there are free exchanges of inspirations; also, the time needed for conveying information, making a decision, monitoring progress and sending feedback will be greatly shortened.

【即刻交流模式】**高低组合工作站 临时沟通无障碍**

高低桌工作站的设立，激励了员工自发式高频次的沟通。两者的交互为办公洽谈系统给出了更优化的解决方案，当临时沟通发生时，员工从低桌起身，即可与他在高桌进行沟通。低桌专注办公，高桌临时沟通，同一个场景之下，解决两种工作形态，更便利、更快速。

Real-time Communication Mode**A Combination of High and Low-talk Whenever You Want**

The set-up of high-and-low work station inspires the automatic exchanges among employees in a frequent rate. The interaction offers an optimized solution to office communication system. When off-the-cuff dialogue occurs, they simply rise from low desk and chat at high desk. Low desk allows concentration while high desk enables short talks. Two work modes can be realized in a much more convenient way within one space.

多变的屏风选材，满足灵活的现代办公空间搭配需求。
Versatile screens meet various space matching requirements of modern offices.

扪布薄屏
Upholstered screen

板式薄屏
Melamine screen

山脉曲线屏风 新颖组合妙用多

屏风吸取了阿尔卑斯山脉的线条，融合草间弥生的波点艺术，让挡板也是空间的一件艺术品，工作仿佛置身于山林里；搭配皮筋可作为收纳展示区。

Hill-shaped Screen Ascends for Creative Use

The screen absorbs the lines of the Alps hills and is decorated with wave point art of Yayoi Kusama. A screen can also be a work of art. Rubber band can be used to create a storage-display area.

灵活屏风横竖放 工作模式秒切换

屏风的灵活拆装实现了协作与专注的平衡，甚至无需人员移动，在工位上即可完成两种办公模式的自如切换——屏风横放，可在开放空间中圈出足够的独立空间，实现专注办公；竖放或移开即可展开小组面对面协作讨论。

Collaboration Vs. Concentration? Just Move Screens!

The flexible assembling and disassembling of partition screens find a balance between team-work and self-work, saving the slightest moving of personnel. Workers can move from one mode to another by simply sitting at their positions. The horizontal screen identifies a specific area in an open environment whereas the vertical setting or removing of screens permits face to face discussions.

【头脑风暴模式】

延展桌板就近连 三五成群好商量

工作中集体商讨和决策随时都会发生，会议室却非近在咫尺、随时可用。然之趣会议桌板在拼接设计上的互通性，开启了团队就近协作模式。高、低会议桌可与办公桌、隔断柜连接形成一方小型洽谈区域，方便于 3-5 人小组内进行就近快速的方案审计，省下了预约会议室的等候时长。

Brainstorming Mode

Extension Board at Hand, Small Discussion with Ease

Collective discussion and decision may occur at any time, while a meeting room is not always within reach. The inter-connectivity of Natural Joy's conference table panels invokes nearby cooperation. High and low conference tables can be added to work desk and partition cabinet to form a mini chatting area, benefiting fast inspection of plans among a group of 3 to 5 persons.
