VERDURE-X / 维度 -X

Beyond the boundary, beyond the screen.

The era of mixed office will redefine the way of office working and brings about new expectations. Dimension-X was born from this, with a screen compatible with multiple office models of social communications, focused working and team work. The powerful power supply ability eliminates the communication distance between online and offline, walking in the forefront of the times and beyond the limitations of space.

有屏无界 能量枢纽

混合办公时代来临，将办公方式重新定义。来到全新的时代，自有全新的期待，维度-X由此应运而生，以一屏兼容社交、专注、协作等多元办公模式，强大的供电能力消弭线上、线下的沟通距离，走在时代的前沿，超越空间的局限。

Social

PART 01

社交办公空间

为办公空间赋予社交属性, 营造充满活力的社区环境。与志同道合的伙伴开展深层次的交流, 以沟通唤醒心灵的共鸣, 促进个体与群体的交融。

Provide a social office space and create a vibrant community environment. Carry out deep communications with like-minded partners to awaken the resonance of the heart and promote the integration of individuals and groups.

Social office working space

屏风与沙发的搭配组合, 巧妙隔断空间, 在开放的办公区域中开辟一处休闲放松的小天地, 让情感的交流畅通无阻, 头脑的风暴自由激荡。

The combination of screens and sofas cleverly separate the space and opens up a small world of leisure and relaxation in the open office area, allowing smooth communication of emotions and free stirring of the brainstorm.

Various combinations with lines managed neat and hidden

任你万象组合 线路恣意穿梭

五种造型的转接柱将屏风相连, 纵横交错之间拼搭万象组合, 将简单的屏风“玩”出灵动花样。线路因势赋形, 随屏风延展的方向穿梭其间, 一点上线即可整排串联, 最大容纳 12 个工位的线路, 提供源源不断的电力支持。

Five shapes of adapter columns connect the screen, and various combinations “play” the screens with dynamic patterns. The lines are shaped according to the situation and shuttled in the direction of the screen extension. A single line can be connected in a whole row in series, accommodating a maximum of lines of 12 workstations and providing continuous power support.

Independent

PART 02

独立办公空间

静下来，专注地沉浸于自我的沉淀，向内探求自我价值的构建。独立办公以屏风为隔，于嘈杂之中觅得一方宁静，于混沌之中保持头脑清醒。

Quiet down, focus on the sedimentation of yourself and inwardly explore the construction of self-worth. The independent office areas are separated by screens. Find a quiet place in the noise and keep your mind clear in the chaos.

Independent office working space

以形破局，打破一成不变。阶梯式蜿蜒的布局灵动整个空间，交错式的排列拓展个人领域。纵使针对异形空间，也能巧妙应对，提高利用效率。

Re-layout the space with shapes and break through the stereotype. The ladder-like meandering layout makes the space more flexible and the staggered arrangement expands the personal area. The shaped spaces can also be easily coped with thus improving the space utilization.

“斜杠”，是一种职场态度。创意斜插下脚突破直上直下的常规造型，象征着以“斜杠精神”打破思维的牢笼，撕碎固有的标签，重新定义办公模式。

“Slash” is a kind of workplace attitude. The creative slanting foot breaks through the conventional shape of straight up and down, symbolizing the “slash spirit” to break the cage of thinking, shattering the inherent label and redefining the office model.

屏上不止一屏

维度-X 横梁顶部除了用于加装薄屏之外，还可以搭配多款置物配件。120mm 架杆高度，留有阔绰缝隙，不留卫生死角，也不占用桌面空间。

Not just another screen

The top of the Dimensional-X beam can be used to add a thin screen in addition to a variety of shelving accessories. The 120mm shelf height leaves a wide gap with no sanitary corners, nor does it occupy desktop space.

Group

PART 03

协作办公空间

走出封闭式屏风的围栏，与团队碰撞出灵感，协作是 1+1>2 的艺术，也是生产力翻倍的秘术。

Step outside the enclosed screened space and exchanges ideas with the team for inspiration. Collaboration is the art of 1+1>2. It's also the secret of doubling the productivity.

Group office space

小桌随心加配 沟通“时”半功倍

四人小组的工位中间加配洽谈小桌，一个手边会议室转身即得。团队间的沟通无需另觅空间，工作途中的头脑风暴随时随心开展。

Small tabletops added at your will for more instant communication

A small negotiation table in the middle of a team of four creates a handy conference room just around the corner. No need to find another space for communication among teams, and brainstorming during work is always at your disposal.

屏风十字纵横拼接，将小组集结，又为各自圈划空间；交叉造型如多元思想交汇，释放创意连连。活动推柜上置软包坐垫，化身移动小凳，让沟通即刻发生。

The cross-shaped screen unites the group and creates a space for each of them; the cross shape is like a meeting of ideas, releasing the creativity. The movable push cabinet is equipped with soft cushions and turned into a small mobile stool, making communication available at any time.

1+N 式联合办公, 以屏风划分界限, 将职员区与其他功能桌搭配组合, 双模式下彼此融合, 但独立成局、互不干扰, 让团队的相互配合默契没有隔阂。

1+N cooperated working is divided with screens. The staff area is combined with other functional desks and the two parts are integrated with each other in this dual model. But the two parts are also independent at the same time with no interference to each other, making the teamwork a perfect cooperation.

自由拼搭 创造无限可能 Free to Create Unlimited Possibilities

ONE. 可做主管区 As Supervisor's Area

搭配主管桌, 让上下级的协作亲密无间, 交流零距离。
Combined with the supervisor's desk, the area allows communications between the upper and lower levels smoother without barriers.

TWO. 可做交流区 As Discussion Area

搭配洽谈桌, 为临时办公、即时沟通提供隐秘一角。
Combined with the discussion table, the area provides a private corner for temporary office working and instant communications.

THREE. 可做共享区 As Shared Area

搭配直排桌, 整合公用打印机等办公用品, 置物有序。
Combined with in-line desks, the area integrates the printer and other office supplies for orderly storage.

专注与协作并非不可兼得。一体式对桌面无拼接、更亲近，便于随时开启探讨；桌上加配屏风隔断，又可免去视线干扰。前与后、左与右，小组的沉浸式办公与即时性沟通正在同时进行中。

Focus and collaboration are not mutually exclusive. One-piece countertops without splicing eliminate the distance for immediate discussion, while additional tabletop screens are free from visual interference. Immersive work and instant communication are ongoing simultaneously.

Flexible

PART 04

灵动办公空间

办公场地自由主宰，工作模式自在切换。一屏两用，隔断、取电尽在掌控；
灵动办公，个性需求备受尊重。

Freedom to dominate the office space and switch the work model at your will.
One screen for two uses: separation and power usage. Flexible office respects
for individual needs.

Flexible office space

桌与屏垂直排布的形式可以最大程度提高人均办公面积，台面左右交错排列，桌前配置一体屏风，视线不交叉，办公更沉浸。搭配升降工位，实现坐站交替的健康办公。

The form of vertical arrangement of desk and screen can maximize the individual office area, and the table top is arranged on left and right in turn. The desk is equipped with an integrated screen, so that the lines of sights do not cross and the office work is more focused. With the lift workplace, you can have a healthy office working model by alternating sitting and standing.

屏上插座，取电灵活，秒变手边充电站。

The on-screen socket with flexible power supply, providing a handy charging station at any time.

升降工位以软质集线管引线入屏风，再顺蛇形管而上至桌下插座，双管齐下，实现隐藏走线。

The wiring system for lifting workstation is well-organized. Electric wires are led into the screen with a soft cable managing tube, and then up the serpentine tube to the socket under the table, thus to achieve hidden alignments.

告别千篇一律 空间多元有趣

中规中矩的方正空间难免缺少灵动, 以维度-X 为轴线, 让空间的布局流动起来, 视觉更具美感, 妙趣横生, 不同的工作模式都能在这里找到合适的办公方式。

Say Goodbye to Sameness Welcome A Diversified and Interesting Space

The regular square space is inevitably lacking flexibility. With Dimension-X as the axis, the layout of the space is integrated, which is visually more beautiful and interesting, and different working models can fit in this space.

创想·灵动组合 畅享·缤纷功能

屏风与家具的组合从未如此灵活。想得到，全能搭，方寸之间满足缤纷功能需求。

Flexible Combinations Featured by Versatility.

The combination of screen and furniture has never been so flexible. Any combination in your mind can be achieved and all your functional needs can be met within the square inches.

90°内围与 270°开放相邻，专注与协作仅仅一屏之隔。

The 90° tabletops is adjacent to the 270° lounge area, with focus and collaboration just one screen away.

依沙发围合，与灵感一拍即合；靠茶几而立，让沟通如虎添翼。

Surrounding sofas with inspiration at once; standing against the coffee table, making efficacy of communications doubled.

独立办公桌连接小吧台，办公与休闲一站直达。

Separate desk connected to a small bar, achieving office and leisure a one-stop access.

以屏化界，前 - 后 - 左 - 右，各自独享一方，办公效率至上。

With the screen as the boundary, each exclusive side at the front, back, left and right help to make the office efficiency as top priority.

休闲社交区、双人洽谈区、共享办公区，N 种模式，一屏畅联。

Leisure social area, two-person negotiation area, shared office area... all achieved through one screen for smooth connection.
